

TriAmis International Inc

Connecting You with India's Top-Tier Manufacturers — Quality You Can Trust.

Premium Quality • Fair Pricing • Timely Delivery

About us

Founded in 2025, TriAmis International Inc is backed by 15 years of hands-on experience in specialized manufacturing and product sourcing across India. Our startup is rooted in this deep industry knowledge, which helps us adapt quickly to market changes, seize new opportunities, and build strong, trusted partnerships. This gives our clients access to a growing network built on trust, transparency, and shared success. As we grow, we stay ahead of trends to offer even more flexible and reliable sourcing solutions.

TriAmis International Inc is your trusted sourcing partner in India. We manage your entire sourcing process, saving you time and money while ensuring quality products at competitive prices with on-time delivery. Our sourcing experts bring over 15 years of combined experience working with top brand manufacturers and the agricultural sector across India.
